Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on June 5, 2006 has been entered.

2. The information disclosure statement (IDS) submitted on June 5, 2006 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement has been considered by the examiner.

4. The following is an examiner's statement of reasons for allowance:

The prior art of record, including the additional prior art made of record via the IDS filed on June 5, 2006, does not disclose nor reasonably suggest a vehicular air conditioning system in a housing including a connecting section and a corresponding connection structure associated therewith for selectively and alternately attaching either a releasable cover or a rear vehicle compartment temperature control unit including a third heat exchanger to an air opening in the connection section.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
